

# Weekly Cleaning List

- Monday** - Deep Clean Kitchen - Choose wisely on major appliance or area to deep clean. This I suggest cleaning and organizing the pantry. It is so much easier to put together a quick pantry meal when the pantry is well-organized and stocked with a few staples.
- Tuesday** - Bathroom - Give the bathrooms and good scrubbing, especially, tubs, showers, sinks and mirrors.
- Wednesday** - Dust and Mirrors and Windows - Dust all the furniture and doodads, shine all mirrors and windows on the inside.
- Thursday** - Give the Dining Area/Room extra attention today by putting away all stray items, polishing the furniture and whacking down any cobwebs in the corner.
- Friday** - Declutter-one area for 5 to 10 minutes or catch up on anything that was missed during the week. Keep it simple, Friday is for family and fun!
- Saturday-Linens and Extra Laundry** Don't you love the idea of fresh smelling sheets and towels!
- Sunday** - Consider Family Game Day! Video games, board games and snacks or dinner. A nice long family walk following the event. Please remember to take time for personal renewal and rest!
